

Back in the 90's, there were R&B artists like Jodeci, Joe, R.Kelly, Usher, Bell Biv Devoe and many more. Rhythm and Blues slowly began to die out as the music industry went into a period of change.

Now, we're bringing it all back: the singing and dancing. The tears of joy, the screams from the ladies and the fan mail kisses. We're bringing back the posters on the walls and the fans appreciation of the art. We introduce the hottest R&B show you're ever going see in this era to come. We have lined up with the stars to perform for you ... the phenomenal Mishon, the sensational Vedo, and the irresistible Shun Hendrix to bring you "The YRNB Tour".

You know the days of panties on stage, girls going crazy, men in a daze trying to figure out the feeling their ladies are feeling. No rage, just a haze of excellence, the sound of good music, and beautiful people going home hypnotize in love and peace.

We urge the fans, music industry, social media, press, radio and word-of-mouth to tell the world it's here! The circus of singing the greatest sound on earth ...the incredible magic of Mishon, Vedo, and Shun Hendrix with special guest to be announced in every city the "Amazing 2016 – 2017 YRNB Tour"!
